Mr. Regan

The Bloomdoggling sleazebag Shawn Soderberg who is Bloom's general counsel wrote all these lies to Dear Avi in 2016 while Obama was president and Biden was vice president. She is a real scumbag who has sold almost \$1.2 million in Bloom stock over the past two years.

If you want Environmental Justice bring some criminal charges against her and all the other sleazebag Bloomdogglers.

Mr. Regan

I suggest you read this as part of your preparation for your confirmation hearing. Pure Voodoo Science from Al Gore and his Bloom Energy.

On page 2 the one bullet that Bloom lowers CO2 emissions by 50% compared to the grid is a pure GREENWASHED LIE.

The 13 Bloom Boxes at Home Depot Stores in NY State that are only 27 Months Old are averaging 929.5 pounds of CO2 per mwh. These are baseload and should be compared to baseload grid in NY State. The DOE states that the grid emissions in NY State were only 415 pounds of CO2 per megawatt hour in 2019. Bloom is emitting 2.2 times the CO2 not half. Bloom are a bunch of LIARS.

I just celebrated Hanukkah and instead of using 8 skinny candles I used 8 Bunsen Burners to celebrate the miracle of olive oil that had a low carbon footprint 2,000 years ago.

If you believe the crap Bloom tells investors, customers and regulators you also believe that Santa's sled is powered by Kior's biodiesel.

Let's finally end the BS and bring these sleazebags to real justice.

If Avi Garbow comes looking for a job at the Biden EPA tell him to get lost.
